Our portfolio service is similar to our normal portraiture service except that you get a greater choice. In our portraiture we endeavour to create the 'look' required, so if you have a specific request, please let us know at the time of your sitting.

Your portfolio starts with a photo-shoot where we will take enough photographs to ensure that you get the results you are looking for in a variety of poses with various outfits. After your shoot you may view the photographs taken and edit your choice to the number shown below, from which we will prepare A4 size 'contact sheets' with up to 16 proof photographs per sheet. You may then order reprints and enlargements at the prices listed below. Your initial sitting fee covers the cost of your photo-shoot and 'contact sheets'.

Our standard service is a....

Photo-shoot and set of up to 32 proofs (2 sheets) ~ £35.00
(Extra set £8.00)

For greater choice you may have a sitting with more proofs....

Photo-shoot and up to 48 proofs ~ **£45.00** (Extra set £12.00)

Photo-shoot and up to 64 proofs ~ **£55.00** (Extra set £16.00)

A non-printable CD of your photographs is available - £10.00each.

(CD photographs are watermarked ©Images Photography)

We are happy to photograph you at home or another location, but prices apply to one location only.

Please remember that the photographs on your 'contact sheets' are rough prints and supplied for guidance only. They are **NOT** finished photographs and are numbered and overprinted 'Images Proof' & '©Copyright' on the front.

Frequently Asked Questions

How long does it take? ~ This, of course, depends on you, the subject. We usually allow about an hour to obtain best results but this could be longer if you have different clothes or wish to change your hairstyle or make-up. 'Contact sheets' are usually ready for collection a few days after your sitting, but this can vary depending on the time of year.

What should I wear? ~ Anything you like but you should feel comfortable. Plain colours work best, try to keep away from stripes and checks which are fine for daywear but attract the eye away from the subject in photographs. Avoid elasticised straps if you want bare shoulders/back etc., as the marks they leave look unsightly on photographs, along with underwear under strappy tops. Retouching such marks or the removing of unwanted straps etc. will be charged on a time basis of £5.00 per half hour.

What about make-up? ~ It should be there but not seen to be there. Remember to have your hairbrush and make-up bag handy in case of 'emergency repairs'.

Can you open closed eyes or insert a smile? ~ Possibly! If we spot someone blinking, we will re-shoot at the time. But in the case of that 'nearly perfect' shot, we may be able to transfer the eyes or smile etc. from another photograph. We may also be able to manipulate other physical features. This retouching is charged on a time basis of £5.00 per half hour.

Do I need to make an appointment? ~ Yes, give us one day's notice before your sitting, to arrange a time.

What if I have a special deadline? ~ We all decide to do things on the last minute, so tell us at the time you book your shoot if you have a deadline. We are used to dealing with 'short notice, special occasions', and will do our best to accommodate your time scale but this may vary, depending on laboratory production times.

Why do you supply 'contact sheets'? ~ Simple, we do not like high-pressure marketing and do not practise it ourselves. We believe in giving our clients the chance to choose in their own time, at home, with family or friends, not in a viewing room at a studio with a commission based assistant forcing your orders.

Why are your proofs overprinted on the front? ~ It may come as a surprise, but photographers make their living out of taking and selling photographs. Regrettably with today's digital scanning technology, some people will order a photographer's cheapest service and illegally produce poor quality copies from a set of proofs. Under the Design, Patents and Copyright Act, it is illegal to copy a photographer's work without permission. We will be pleased to produce as many copies of your favourite photographs as you wish. Our prices compare very favourably with other photographers.

Do you do glamour photography? ~ Yes, we can deal with most aspects of glamour photography, but please have a friend or relation with you to help with your poses, hair etc. Please note that we do **NOT**, under any circumstances, take glamour photographs of clients under the age of 16. Proof of age may be requested when booking your shoot and confirmation produced before the shoot commences.

Can I view samples of your work? ~ Of course, we have samples of all aspects of our portfolio work – just ask.

How are your reprints and enlargement made? ~ **Finished reprints & enlargements are printed in lustre finish, on genuine photographic paper (for quality and longevity) in a professional photographic laboratory.**
